Go back three blocks.	30 You read the Code of Practice for Waste booklet. Go to the end!	Congratulations! You know how to handle waste.
		26	27 You learn the name of the Health Care Waste Officer. Go forward one blocks.	28		END

Rules:

1. Two to four people may play the game.
2. To win, you must land on the last block. For example, if you throw a five, and you only need a three to finish, you must count back for two blocks.

HOW WELL DO YOU HANDLE YOUR WASTE?

How to play:

1. To play, you will need a dice and a different colour button for each person.
2. Each person will move forward according to the number shown on the dice. For example, if a player throws a two, he/she moves forward two blocks.
3. Each player must follow the instructions of the block they land on. If the block says: 'You put sharps in the sharps container. Go forward four blocks', then the player must move forward four blocks. If the instruction says: 'Move back three blocks', then the player must move back three blocks.
4. The winner is the first person to reach the end!
